Mr. Jonathan Taksa

Jonathan,

I want to extend a heartfelt "THANK YOU" for all the hard work you put in selling our apartment building in Brentwood.

As you know, the building was in our family for nearly six decades and there were multiple third-generation owners to help through the process. Your energy, patience and professionalism were critical in this transaction. You were on top of every detail for each of us and we greatly appreciate your work.

On behalf of each family member, you have our deepest gratitude.

Sincerely,

Andrew Weissman
